User Interface Prototype

1. Introduction

1.1 Purpose

This UI prototype document acts as a visual reference that outlines the design, interactions, and visual style of a user interface prior to development. It helps convey design concepts to stakeholders, facilitates feedback collection, and reduces revisions during later stages. The document promotes team collaboration and ensures a user-focused design, ultimately improving the end-user experience.

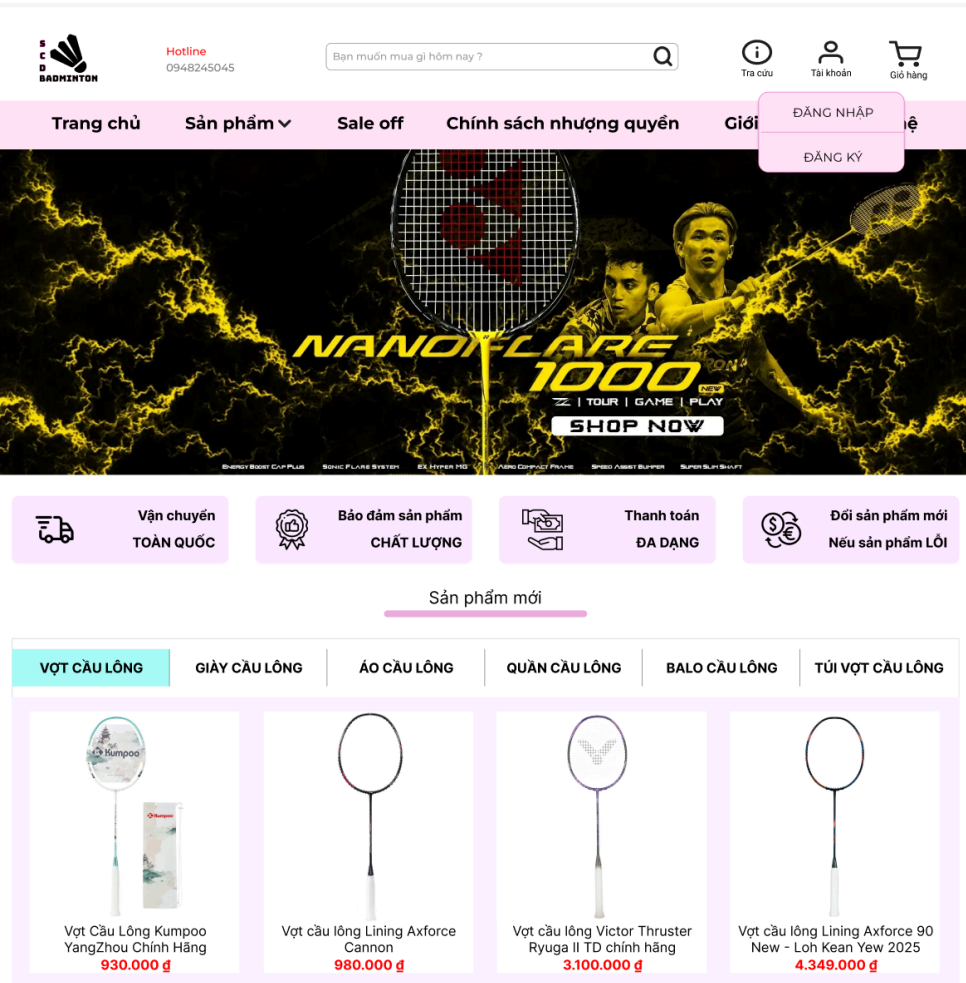

1.2 UI design URL

<https://www.figma.com/design/2KY4u2r6LLIS7eusKXZ2JL/badminton?node-id=0-1&t=2xOwnJ3jL6LwHsr8-1>

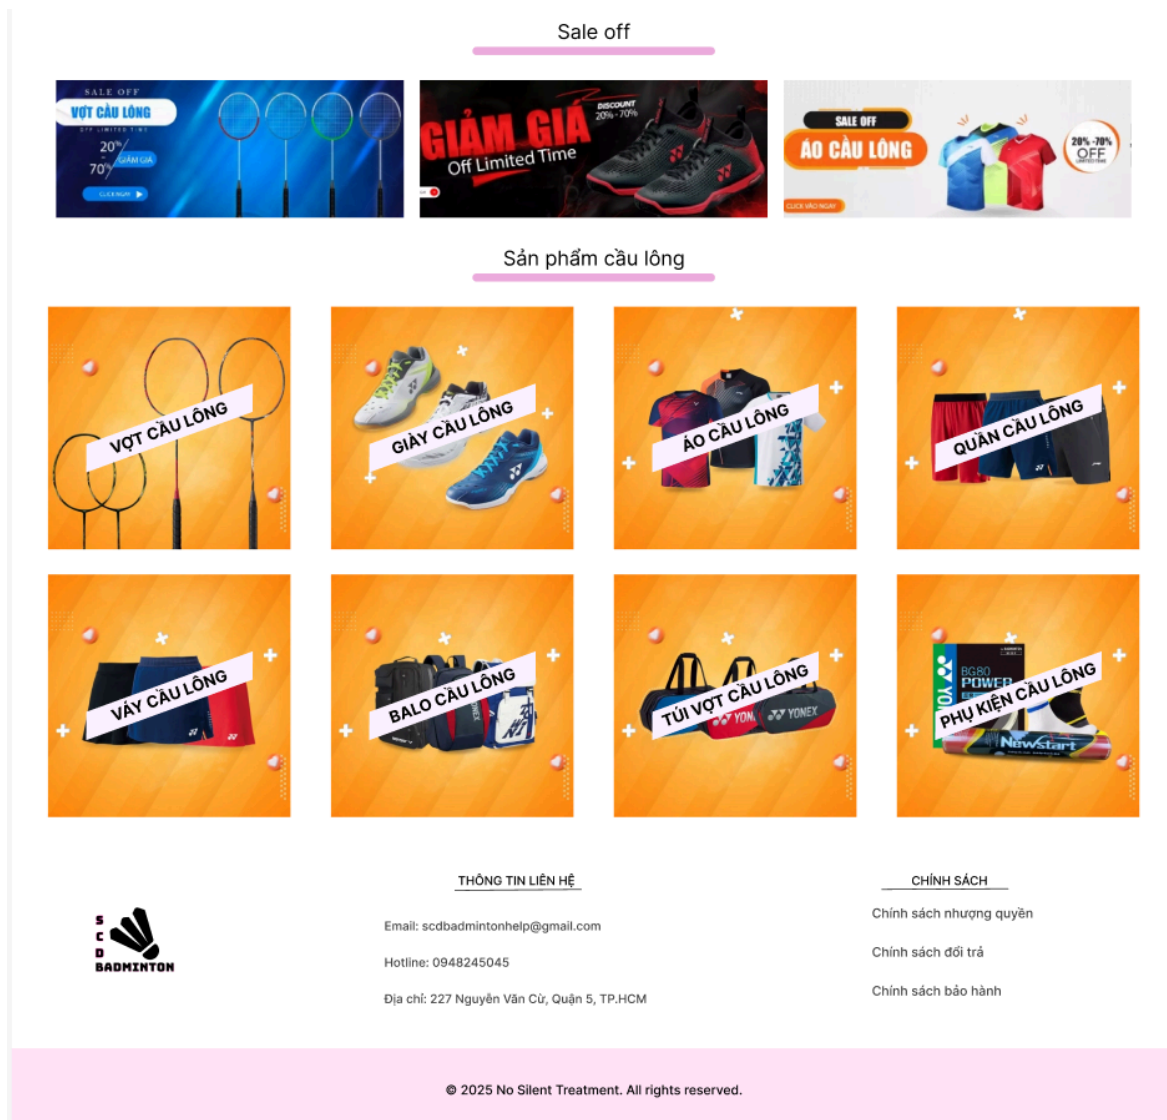

2. User interface prototype

2.1 HomePage

For GUEST

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

a. Description

The homepage screen is designed for visitors who have not logged in or registered (GUESTS) to learn about the store's products, promotional programs, and services. This is the first interface that users encounter when accessing the website

b. Detail

- **Header:** Logo, search bar, order tracking, account section with login and registration buttons, and shopping cart.
- **Navigation bar:** contains buttons Trang chủ, Sản phẩm, Sale off, Chính sách nhượng quyền, Giới thiệu, Liên hệ.
- **Main Banner:** Images of featured products (e.g., "Nanocare 1000"), promotional campaigns and shop related content.
- **New Products:** Newly added products are displayed with their images and prices.
- **Sale Off:** Products currently on sale are clearly displayed in this section.
- **Footer:** Store information, address, hotline, and policies.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

c. **Prototype**

● **Header Section:**

- The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
- The search bar allows users to search for products.
- The login and registration buttons for guests lead to the respective login or account creation pages.
- Clicking on any button on navigation bar will redirect the user to the corresponding page.

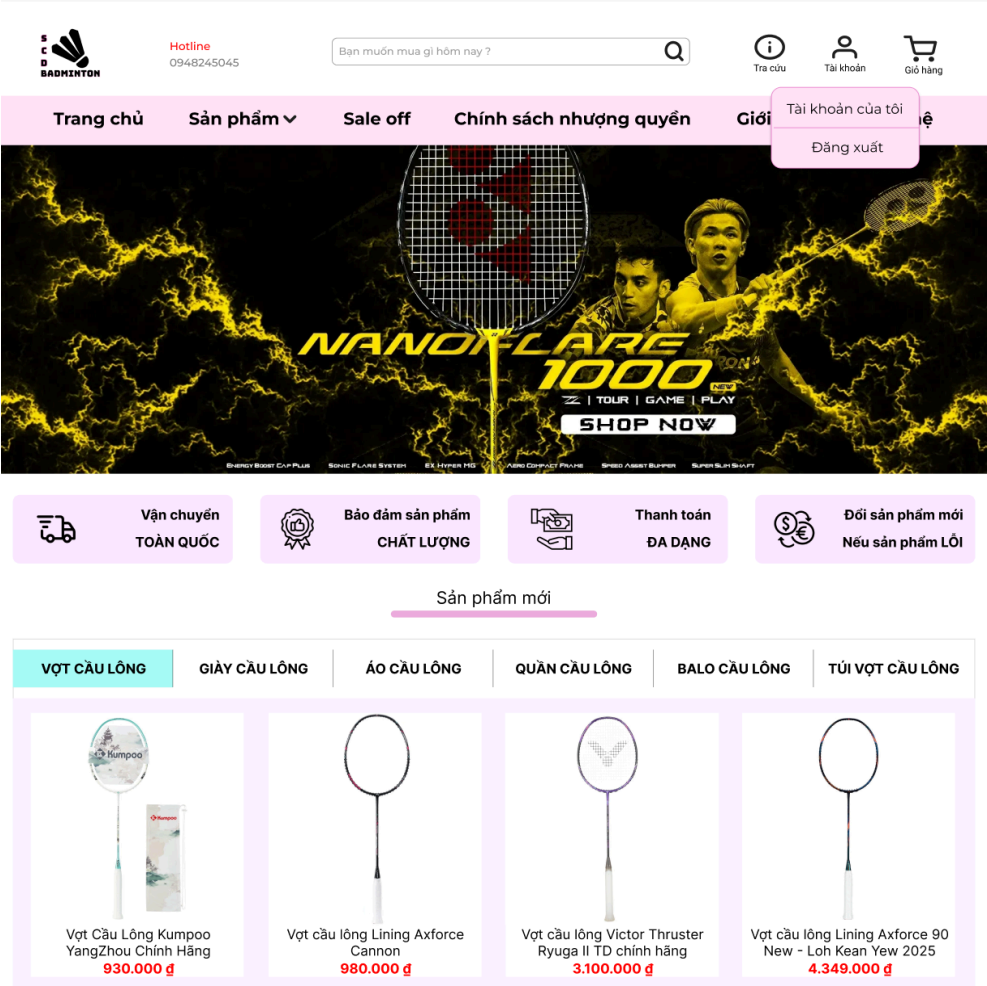

● **Product Section:**

- New products are displayed in a layout featuring prominent images with their names and prices.
- The "Sale Off" section displays limited-time product discounts.

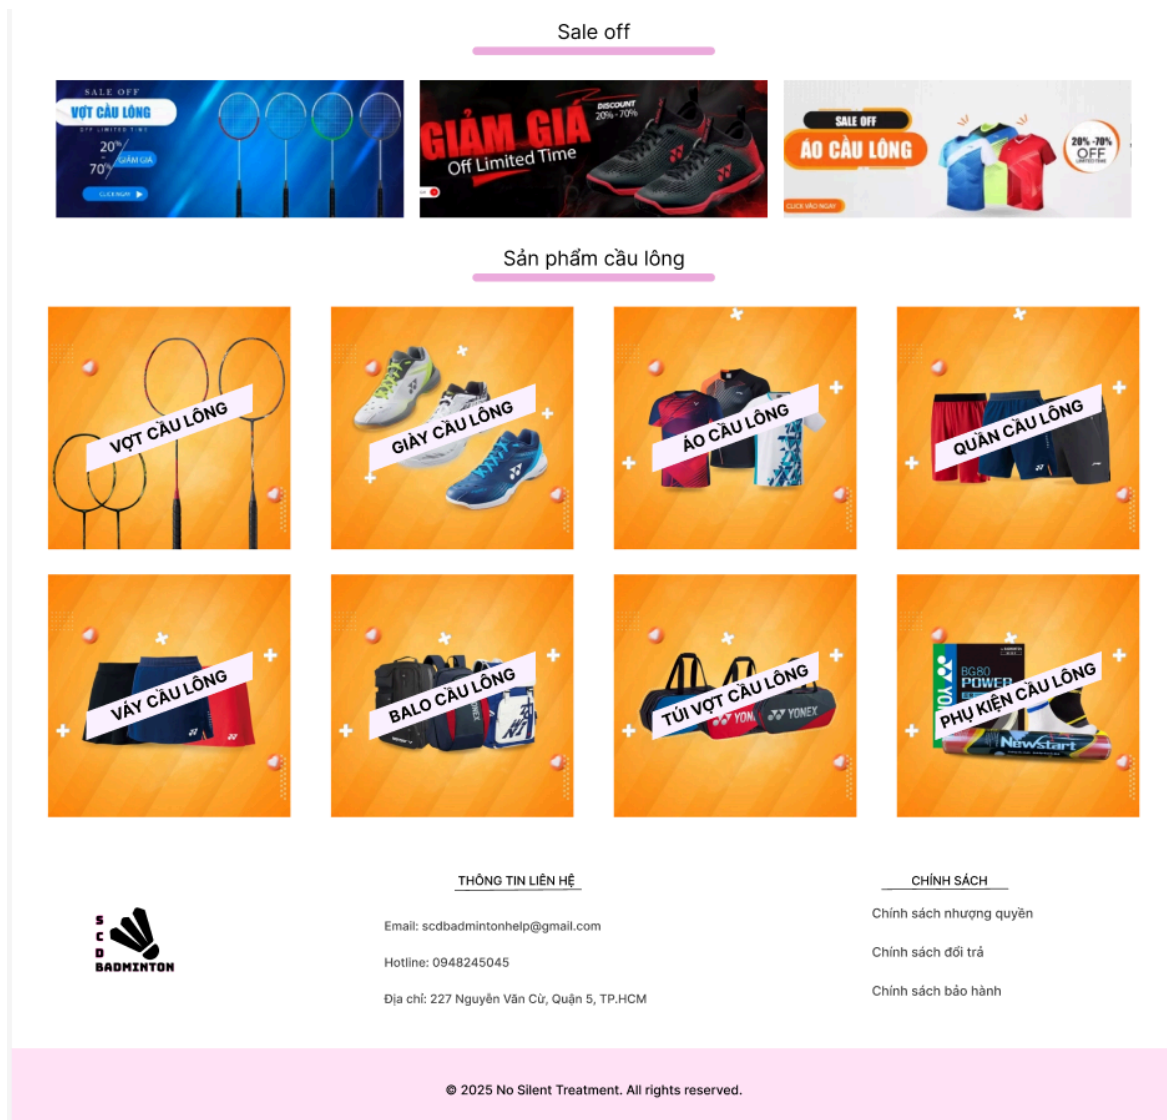

● **Footer Section:**

- Clicking on policy links such as “Chính sách nhượng quyền,” “Chính sách đổi trả,” and “Chính sách bảo hành” will lead to the corresponding page.

For USER (registered customer)

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

a. Description

The homepage interface for a logged-in user, with several changes compared to the guest view, including personal information and account management features

b. Detail

- **Top bar:** The store's logo, search bar, user account information including "Tài khoản của tôi," a logout button, order history button and the shopping cart button.
- **Navigation bar:** contains buttons Trang chủ, Sản phẩm, Sale off, Chính sách nhượng quyền, Giới thiệu, Liên hệ.
- **Main Banner:** Similar to the guest interface.
- **Product Sections:** Displays new products with the ability to purchase directly from the main interface. Products can be added to the cart and are marked when selected by the user.
- **Footer:** Similar to the GUEST view.

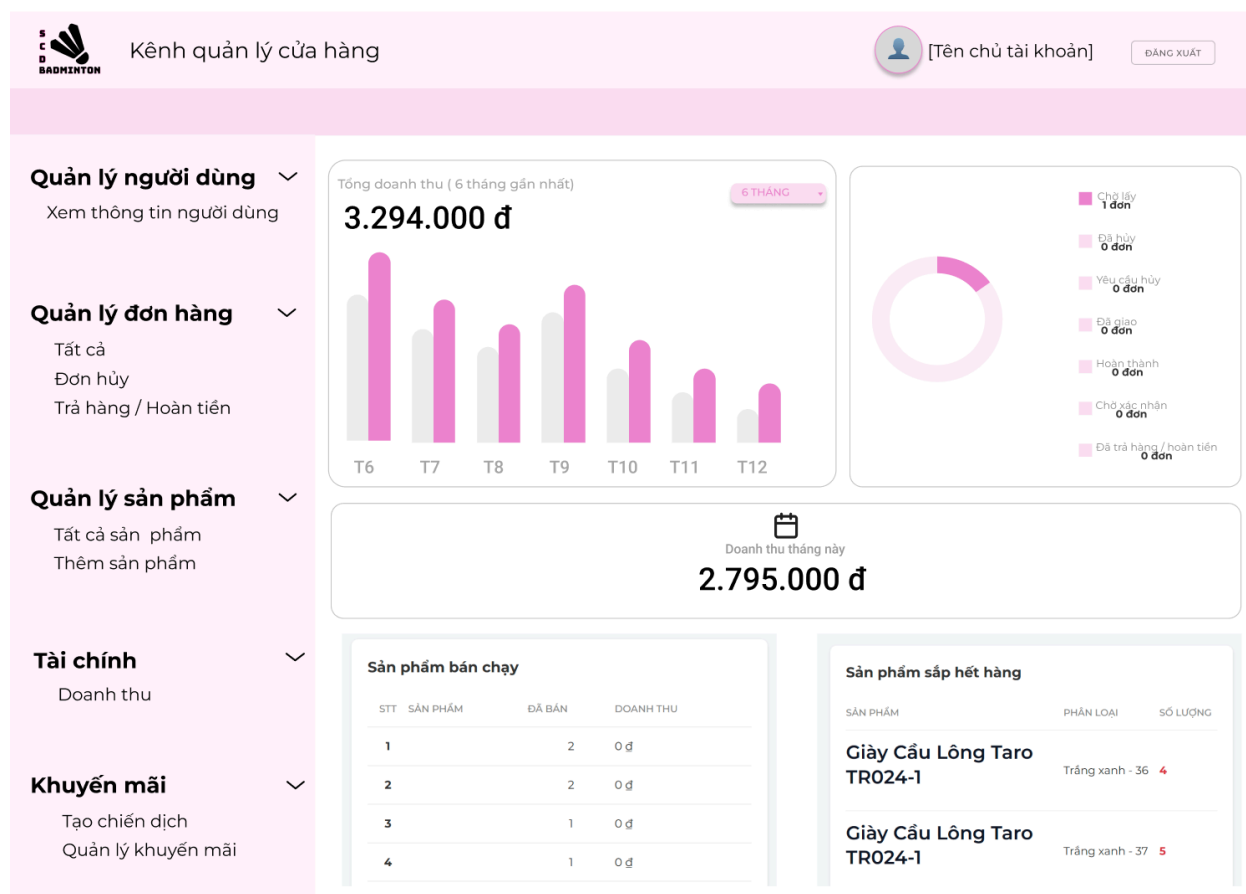

c. Prototype

- **Header Section:**

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
- The search bar allows users to search for products.
- After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on "Đăng xuất" button, user logs out
 - Clicking on "Tài khoản của tôi" button will redirect the user to user's account management page.
 - Clicking on the cart button will redirect the user to user's cart page.
- **Footer Section:**
 - Clicking on policy links such as "Chính sách nhượng quyền," "Chính sách đổi trả," and "Chính sách bảo hành" will lead to the corresponding page.
- **Product Section:**
 - The screen displays new products with their name, price, and an "Add to Cart" button. Products can also be purchased directly from the homepage.
 - Product items are displayed more clearly with features like "Add to Cart" and "Order Tracking" if the user has purchased a product.

For ADMIN

a. Description

This is the admin management interface, providing functionalities for managing users, orders, products, and sales revenue statistics.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

b. Detail

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button.
- **Sidebar:** The left menu bar helps the admin easily access management sections such as User Management, Order Management, Product Management, Revenue, and Promotions.
- **Main Section:** The main control panels help the admin monitor information about total revenue, current month's revenue, order status (shipped, completed, cancellation requested), and best-selling products.

c. Prototype

- **Header Section:**
 - The store logo always appears on the left, and when clicked, it redirects to the main management screen.
 - The admin's avatar and account name are displayed along with a "Đăng xuất" button for easy account sign-out.
- **Sidebar Section:**
 - Admin can quickly access management sections such as User Management, Order Management, Product Management, Finance, and Promotions.
 - These sections allow the admin to monitor activities and perform management actions like order approval, adding new products, and tracking revenue.
- **Main Section:**
 - The control panels will display data such as total revenue for the last 6 months, current month's revenue, number of orders to be processed, best-selling products, and products running out of stock.

Mô tả sản phẩm

1. Giới thiệu Vợt cầu lông Yonex Nanoflare 700 Pro 2024

- Thiết kế khung được tích hợp công nghệ AERO FRAME được vát tròn để tạo ra cấu trúc khung hình oval để giảm lực cản của không khí để tăng khả năng cơ động để thực hiện những pha phản tạt nhanh. Đũa vợt được làm siêu mỏng với công nghệ Super Slim Shaft, tối đa khả năng cắt gió để tăng tốc độ vung vợt trong không khí, kết hợp với công nghệ mũ chụp ENERGY BOOST CAP PLUS làm tăng cường tính đàn hồi, hạn chế khả năng rung lắc.

- Ở phiên bản này, vợt còn được tích hợp thêm công nghệ đó là Enhanced Sonic Flare System là công nghệ thông qua sự kết hợp cẩn thận của vật liệu graphite cao cấp EX-HYPER MG ở đầu khung và chất liệu graphite mạnh mẽ nhưng đàn hồi M40X ở gốc khung. Những vật liệu này cung cấp khả năng đàn hồi cao, các thông số trọng lượng, điểm cân bằng được kết hợp cẩn thận để mang lại độ ổn định và kiểm soát cao.

- Vợt còn được có thêm 1 công nghệ mới là SERVO FILTER giúp giảm rung chấn lên tới 6 lần, được tinh chỉnh cẩn thận, tăng độ kiểm soát lên tối đa.

2. Thông số kỹ thuật

- Độ cứng: Trung Bình
- Độ cân bằng: Cân bằng
- Cấu tạo khung: HM Graphite, NANOMETRIC DR, M40X, EX-HYPER MG
- Cấu tạo đũa: HM Graphite, SUPER HMG, ULTRA PE FIBER
- Khớp nối: NEW Built-in T-Joint
- Trọng lượng: 5U: 19 - 27 lbs
4U: 20 - 28 lbs
- Cân cầm: G5, G6

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- **Product Image Gallery:** Positioned at the top. It includes one large, primary product image and a row of smaller thumbnail images below it, showing different angles or details.
- **Category Sidebar:** A list of product category links, located at the top of the right column.
- **Product Purchasing Block:** This is the primary interactive block for purchasing and contains:
 - Product Name, ID , Brand and Status
 - Price of the product.
 - Variant Selector (E.g: Color).
 - Option Selector (E.g: Size)
 - An Offer Box highlighting promotions and guarantees.
 - An Action Block which includes a Quantity Selector, a Buy Now button and an Add to Cart button
- **Product Description Section:** Located below the **Product Purchasing Block**. This section contains detailed text descriptions, technical information , and other relevant product information.
- **Ratings & Reviews Section:** Located at the bottom of the left column. It consists of an overall rating summary (with a star distribution bar chart) and a list of individual customer reviews.
- **Footer Section:** Located at the very bottom of the page. It is divided into columns providing links to company information, store policies and user guides.

c. **Prototype**

- **Product Image Gallery:**
 - When a user clicks on one of the smaller **thumbnail images**, the large primary image updates to display the selected view.
- **Variant and Option Selectors:**
 - When a user clicks on an **option** in the Variant Selector, the product images in the gallery will be updated. The selected color button will enter a "selected" state.
 - When a user clicks on an **option**, the selection is registered, and the button enters a "selected" state. This choice will be used when the item is added to the cart.
- **Action Block:**
 - Clicking the + or - buttons on the **Quantity Selector** increases or decreases the number of items to be purchased (minimum of 1).
 - Clicking the “Thêm vào giỏ hàng” button adds the product with the selected color, size, and quantity to the user's shopping cart.
 - Clicking the “Mua ngay” button adds the product with the selected color, size, and quantity and navigates the user to the cart immediately.
- **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on “Đăng xuất” button, user logs out
 - Clicking on “Tài khoản của tôi” button will redirect the user to user’s account

User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

2.5.4 Detail of order that has just been placed

a. **Description:**

This screen displays the tracking information for the order that has just been placed.

b. **Detail:**

- **Header:**
 - The header remains the same as on previous screen but blurred.
- **Order tracking information box:**
 - The system displays the estimated delivery date range.
 - The system shows the current shipping status (e.g., “Shipped via Express Delivery”).

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- The system displays the recipient's name, phone number, email, and full delivery address.
- The system displays the order ID, product image, name, specifications, price, and quantity.
- The total order amount is displayed at the bottom.
- The system displays a “**Hủy đơn hàng**” button (if the order is still cancelable).
- The system displays a “**Quay về giỏ hàng**” button to return to the cart page.
- **Footer:**
 - The footer remains the same as on previous screens.
- c. **Prototype:**
 - **Order tracking information box:**
 - When the customer clicks “Hủy đơn hàng” the system processes the order cancellation request.
 - When the customer clicks “Quay về giỏ hàng” the system navigates to the shopping cart page.

a. **Description**

An interface for admin to add a new product or edit product in edit mode to get information of existing product and proceed to update from it

b. **Detail**

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- The page is part of the admin dashboard, featuring a standard layout with a sidebar for navigation and a main content area for the form.
- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Breadcrumb Navigation:** Located at the top of the main area, showing the current path: (Product Management > Add Product)
- **Main Content Area:** This is the primary workspace for the form.
 - **Tab Navigation:** A two-tab interface is centrally located.
 - **Basic Information Tab:** Input form for Name, Description, Brand, Category and Thumbnail Image of the product
 - **Sales Information Tab:**
 - **Variant Creation Section):** Two blocks for defining product variants and options. Each block has an input field for the variant name (e.g., "Color") and a dynamic area below to add specific options (e.g., "Red", "Blue"). Each primary variant (first block) will have placeholder to add image gallery for at least 1 image
 - **Bulk Apply Section:** Positioned below the variant creation blocks. It contains three input fields Price, Stock Quantity, and SKU and an "Apply" button to set common values for all generated variants at once.
 - **Variant Combination Table:** Located at the bottom half of the page. This is a dynamic table generated based on the variants and options defined above. It has columns for Primary Variant, Secondary Variant (option of primary variant), Price, Stock Quantity, and SKU. Each row represents a unique product combination and contains editable input fields.
 - **Page Action Button:**
 - **Lưu sản phẩm (Save Product) Button:** A primary action button located at the very bottom of the page.

c. Prototype:

- **Header Section:**
 - The store logo always appears on the left, and when clicked, it redirects to the main management screen.
 - The admin's avatar and account name are displayed along with a "Đăng xuất" button for easy account sign-out.
- **Sidebar Section:**
 - Admin can quickly access management sections such as User Management, Order Management, Product Management, and Promotion Management.
 - These sections allow the admin to monitor activities and perform management actions like order approval, adding new products, and tracking revenue.
- **Tab Switching:**
 - Clicking on either the "Basic Information" or "Sales Information" tab will switch the view to show the corresponding set of form fields.
- **Variant and Option Selector:**

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- The admin types a variant name into the **Variant Name field** (e.g., "Color"). Each Variant card will have an image input field, admin is required to choose at least 1 image for displaying the product variant.
- To add an option, the admin types in the **Option Name field** (e.g., "Red") and clicks the + **Add Option button** or presses Enter.
- Each time a new option is added to any variant group, the **Variant Combination Table** below dynamically updates, adding new rows for all possible combinations. For example, adding "Size L" after "Color Red" and "Color Blue" are defined will create two new rows in the table: (Red, L) and (Blue, L).
- Clicking the X icon will remove that option or image and delete all related rows from the table.
- **Bulk Apply Button:**
 - The admin can enter a price, inventory count, or base SKU into the fields.
 - Clicking the **Apply button**, the system will populate the Price, Inventory, and SKU-variantName-optionName in input fields for **every row** in the table.
- **Individual Variant Editing:**
 - The admin can click into any field (Price, Inventory, SKU) for a specific row to edit any variant
- **Saving the Product:**
 - Clicking the **Save Product button** will trigger a validation check on all required fields across both tabs. If validation passes, the form data is submitted to the server to create or update the product listing. A success or error notification message will then be displayed.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

a. Description:

It provides overview inventory with metrics summary cards, a list of products, a view for the details of products with quick-access management actions like editing, hiding, or deleting.

b. Detail:

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Metrics Summary Cards:** A row of summary cards displaying key statistics:
 - Total Products
 - Total Inventory
 - Categories
 - Brands

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- Running Low on Stock
- **Filter and Search Bar:** A dedicated row for refining the product list below. It contains:
 - A **Search Bar** for keyword searches.
 - A **Category Filter** dropdown
 - A **Brand Filter** dropdown
- **Products Table:** Display a list of products. The table has the following columns:
 - A Thumbnail Image
 - Product Information: Includes the product name and a sub-line for its category and brand.
 - Selling Price
 - Inventory/Quantity of Stock
 - Status: indicating if the product is On Sale/Published or Hidden/Not Published.
 - Actions: A set of buttons for each product including: Edit, Hide/Sale, Delete .
- **Product Detail Modal:** A pop-up window that appears over the main content. It has a scrollable view displaying:
 - **Basic Information:** Shows the product image, name, brand, description, description of technical specs and key features.
 - **Sales Information:** A table listing all product variants with their Price, Inventory, and SKU.
- c. **Prototype:**
 - **Filtering and Searching:**
 - Typing text into the **Search Bar** will filter the **Products Table** to show only products matching the search query.
 - Clicking on the **Category or Brand Filter dropdowns** will reveal a list of available options. Selecting an option will refresh the table to display only products belonging to that category or brand.
 - **Product Table Actions:**
 - Clicking anywhere on a product's row (except on the action buttons) will open the **Product Detail Modal** , providing a quick, read-only view of the product's full details without leaving the page. The **Product Detail Modal** can be closed by clicking the X icon in its top-right corner or by clicking outside the modal area, returning the user to the "All Products" listing page.
 - Clicking the **Edit button** for a specific product will navigate the admin to the "Add Product" page in edit mode, with all fields pre-filled with that product's existing data.
 - Clicking the **Hide/Sale button** changes the status between "Hidden" and "On Sale" and makes the product invisible on the storefront while retaining its data in the admin panel.
 - Clicking the **Delete button** will trigger a confirmation pop-up. Upon confirmation, the product listing will be permanently removed from the system.
 - **Header Section:**
 - The store logo always appears on the left, and when clicked, it redirects to the main management screen.
 - The admin's avatar and account name are displayed along with a "Đăng xuất" button for easy account sign-out.
 - **Sidebar Section:**
 - Admin can quickly access management sections such as User Management, Order Management, Product Management, and Promotion Management.
 - These sections allow the admin to monitor activities and perform management actions like order approval, adding new products, and tracking revenue.

a. Description

This screen is related to UC014 - Change profile information, allows users to manage their personal information and account security.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

The goal is to help users quickly and conveniently update information such as email, phone number, gender, date of birth, and change passwords.

b. Detail

- **Personal Information Section:**

- Username
- Email
- Phone number
- Gender
- Date of birth
- Each field has an edit icon (pencil) for users to update.

- **Password Change Section:**

- Current password (with show/hide password icon).
- New password.
- Re-enter new password (confirmation).
- A “Lưu thay đổi” button in pink at the bottom of the form to confirm changes.

- **Header Section:** Located at the top of the page.

- Top bar: The store's logo, search bar, user account information including "Tài khoản của tôi", a logout button, order history button and the shopping cart button.
- Navigation bar: contains buttons Trang chủ, Sản phẩm, Sale off, Chính sách nhượng quyền, Giới thiệu, Liên hệ.
- Breadcrumb Navigation: Positioned directly below the header, it displays the user's current location within the site's hierarchy

- **Footer Section:** Located at the very bottom of the page. It is divided into columns providing links to company information, store policies and user guides

- **Breadcrumb navigation:** The breadcrumb navigation shows the current page location: Account → Tài khoản của tôi

c. Prototype

- **Update Personal Information:** Click on the pencil icon next to each field to edit the content → enter new information → click “Save Changes.

- **Change Password:** Enter the current password → enter the new password → re-enter the new password to confirm → click “Save Changes.”

- **Manage Security:** Users can change their password periodically or if they suspect their account has been compromised to enhance security.

- **Check Information:** Use this screen to ensure personal and contact information is always accurate, supporting the purchasing process and receiving assistance.

- **Header Section:**

- The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
- The search bar allows users to search for products.
- After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
- When clicking on “Đăng xuất” button, user logs out
- Clicking on “Tài khoản của tôi” button will redirect the user to user’s account management page.
- Clicking on the cart button will redirect the user to user’s cart page.

- **Footer Section:**

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- Clicking on policy links such as “Chính sách nhượng quyền,” “Chính sách đổi trả,” and “Chính sách bảo hành” will lead to the corresponding page.

a. Description

The screen is related to UC023 - Manage users. The "User Management" screen is a tool for administrators to monitor and manage user information on the platform. The purpose is to help admins track the status of user accounts, view detailed information, and perform actions such as locking or unlocking accounts.

b. Detail

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Breadcrumb:** The **User Management > User List** option is highlighted for the current page.
- **User List:** The list of users is displayed with information such as:
 - **Username:** The account name of the user.
 - **Email:** The user's email address.
 - **Status:** The account status (locked, normal).
 - **Join Date:** The date the user registered their account
 - **Edit:** A button allowing the admin to edit user information, such as locking the account or deleting the account.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- **Pagination:** Pages are divided into multiple pages if the user list is too long, with page navigation buttons at the bottom.
- c. **Prototype**
 - **View user information:** Admin can view information related to each user, including username, email, and account status.
 - **Manage account status:** Admin can click the "Edit" button to change the account status from "Locked" to "Normal" or vice versa, or can delete the user's account. This helps manage user access to the platform.
 - **Browse multiple pages:** If the user list is long, admins can use the page navigation buttons at the bottom to browse through other pages of the user list.
 - **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on "Đăng xuất" button, user logs out
 - Clicking on "Tài khoản của tôi" button will redirect the user to user's account management page.
 - Clicking on the cart button will redirect the user to user's cart page.
 - **Footer Section:**
 - Clicking on policy links such as "Chính sách nhượng quyền," "Chính sách đổi trả," and "Chính sách bảo hành" will lead to the corresponding page.

2.10 Manage promotion

These screen are related to the UC019 - Manage products.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

2.10.1 Create promotion campaign

a. Description

This screen helps the admin create new promotional campaigns to apply on the platform. The goal is to provide a simple and intuitive interface for the admin when creating advertising or product discount campaigns.

b. Detail

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Breadcrumb:** The **Promotions > Create Promotion** option is highlighted for the current page.
- **Campaign Information:**
 - **Campaign Name:** An input field to set the name of the promotional campaign.
 - **Start Date:** An input field for the start date and time of the campaign.
 - **End Date:** An input field for the end date and time of the campaign.
 - **Campaign Description:** A text field that allows the admin to input detailed descriptions of the promotional campaign.
 - **"Create Campaign" Button:** A button at the bottom of the screen to save and activate the campaign.

c. Prototype

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- **Enter Campaign Name:** The admin fills in the campaign name in the "Campaign Name" field to easily identify the campaign for future management.
- **Select Start and End Dates:** The admin uses the date picker tool to set the start and end dates for the campaign.
- **Campaign Description:** The admin can provide detailed descriptions of the goals, content, or offers of the campaign.
- **Save Campaign:** After filling in all the information, the admin clicks the "Create Campaign" button to save and apply the promotional campaign to the system.
- **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on "Đăng xuất" button, user logs out
 - Clicking on "Tài khoản của tôi" button will redirect the user to user's account management page.
 - Clicking on the cart button will redirect the user to user's cart page.
- **Footer Section:**
- Clicking on policy links such as "Chính sách nhượng quyền," "Chính sách đổi trả," and "Chính sách bảo hành" will lead to the corresponding page.

a. Description

This screen allows the admin to edit the information of existing promotional campaigns, including updating the campaign name, start date, end date, campaign description, as well as changing the campaign status (activate or deactivate).

b. Detail

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Breadcrumb:** The **Promotions > Promotion Management > Update promotions** option is highlighted for the current page.
- **Campaign Edit Form:**
 - **Campaign Name:** An input field that allows the admin to change the campaign name.
 - **Start Date:** An input field to edit the start date of the campaign.
 - **End Date:** An input field that allows the admin to change the end date of the campaign.
 - **Campaign Description:** An input field that allows the admin to change the detailed description of the campaign.
 - **"Confirm" Button:** After editing, the admin clicks this button to save the changes.
 - **"Cancel" Button:** Allows the admin to cancel the changes and return to the previous screen.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- **Campaign List:** Displays the existing campaigns, including the following information:
 - Campaign Code
 - Campaign Name
 - Start and End Date
 - Status: Allows the admin to change the campaign status from "Active" to "Inactive" or vice versa.
 - Edit and Delete: The admin can edit or delete campaigns directly from this list.
- c. **Prototype**
- **Edit Campaign:** The admin clicks on the campaign to be edited from the list, then changes details such as the name, start date, end date, and campaign description.
- **Change Campaign Status:** The admin can toggle the status of the campaign by clicking the status toggle button (active or inactive).
- **Delete Campaign:** The admin can delete a campaign that is no longer needed by clicking the trash icon in the campaign list.
- **Save Changes:** After making edits, the admin clicks "Confirm" to save the changes and update the campaign information.
- **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on "Đăng xuất" button, user logs out
 - Clicking on "Tài khoản của tôi" button will redirect the user to user's account management page.
 - Clicking on the cart button will redirect the user to user's cart page.
- **Footer Section:**
- Clicking on policy links such as "Chính sách nhượng quyền," "Chính sách đổi trả," and "Chính sách bảo hành" will lead to the corresponding page.

d. Description

This screen allows the admin to manage a campaign's coupon codes through operations such as creating new and deleting

e. Detail

- **Header:** Includes the store's logo, admin account name and "Đăng xuất" button
- **Sidebar Section:** Located on the left, it provides primary navigation links for the dashboard, such as User Management, Order Management, Product Management, Promotion Management.
- **Breadcrumb:** The **Promotion > Promotion Management > Manage coupon codes** option is highlighted for the current page.
- **Campaign management list:**
 - **Campaign ID:** Each campaign will have a separate code for the admin to use to manage and perform other operations. Clicking on the code will open the details panel for that campaign
 - **Campaign name:** Each campaign will have a name for the admin to manage and show customers what discounts are available.
 - **Start date:** Display the start date of the promotional campaign.
 - **End date:** Display the end date of the promotional campaign.
 - **Edit:** Function buttons allow admin to update or delete promotional campaigns.
 - **Status:** Helps admins manually toggle campaign activity status (active or inactive)
- **Discount code table:**

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

- **Discount code column:** Displays the names of the coupon codes currently available in the campaign
- **Value column:** Shows the discount value of the corresponding coupon code
- **Trash icon:** Perform delete code
- **First blank:** Allows the admin to enter a name for the coupon code to be created
- **Selection box:** Allows admin to select coupon type, straight discount or percentage discount
- **Second blank:** Allows the administrator to enter a discount value for the code to be created
- **Confirm button:** After entering all the information to generate the code, click the confirm button to generate the code.

f. Prototype

- **Open discount code panel:** The admin clicks on the campaign code of the promotional campaign to view the panel, then click on the discount code section
- **Create discount code:** The admin enters complete information about the code to be created such as code name, selects the code type in the selection box (percentage or direct), enters the value for the discount code and then clicks confirm to create the code.
- **Delete discount code:** To delete a coupon code, the admin clicks on the trash icon of the corresponding coupon code.
- **Close discount code panel:** After completing the operation with the coupon code, the admin can click the close button in the upper right corner to close the panel.
- **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on "Đăng xuất" button, user logs out
 - Clicking on "Tài khoản của tôi" button will redirect the user to user's account management page.
 - Clicking on the cart button will redirect the user to user's cart page.
- **Footer Section:**
 - Clicking on policy links such as "Chính sách nhượng quyền," "Chính sách đổi trả," and "Chính sách bảo hành" will lead to the corresponding page.

SCD - BADMINTON STORE WEB APP	Version: 1.0
User Interface Prototype	Date: 02/08/2025
group06 user interface prototype v1.0	

a. Detail:

This screens are related to UC013 - View order history.

The customer can see the order ID, order date, product details, order status, total cost, and available actions for each order that they have ever bought before.

b. Description:

- **Header Section:** Located at the top of the page.
 - Top bar: The store's logo, search bar, user account information including "Tài khoản của tôi", a logout button, order history button and the shopping cart button.
 - Navigation bar: contains buttons Trang chủ, Sản phẩm, Sale off, Chính sách nhượng quyền, Giới thiệu, Liên hệ.
- **Breadcrumb Navigation:** Positioned directly below the header, it displays the user's current location within the site's hierarchy
- **Footer Section:** Located at the very bottom of the page. It is divided into columns providing links to company information, store policies and user guides
- **Main section:**
 - The main section displays the page title “Lịch sử mua hàng” and shows the total number of products in parentheses.
 - The system displays a list of orders, and each order block contains:
 - The order ID and the order date.
 - The product image, name, specifications, quantity, and unit price.
 - The total cost of the order.
 - The order status label, such as “Pending Confirmation,” “Delivered,” or “Completed.”
 - Action buttons that change based on the order status, such as “Cancel Order,” “View Details,” “Confirm Received,” “Request Return/Refund,” or “Review Product.”

c. Prototype:

- **Header Section:**
 - The store's logo is placed in the top-left corner; clicking on the logo will redirect the user to the homepage.
 - The search bar allows users to search for products.
 - After logging in, the user's avatar and related buttons such as "Tài khoản của tôi" and "Đăng xuất" will replace the login button, allowing the user easy access to personal account features.
 - When clicking on “Đăng xuất” button, user logs out
 - Clicking on “Tài khoản của tôi” button will redirect the user to user’s account management page.
 - Clicking on the cart button will redirect the user to user’s cart page.
- **Footer Section:**
 - Clicking on policy links such as “Chính sách nhượng quyền,” “Chính sách đổi trả,” and “Chính sách bảo hành” will lead to the corresponding page.
- **Main Section:**
 - When the customer clicks “Chi tiết đơn hàng” button, the system opens the order details page for that order.
 - When the customer clicks a status-specific button, the system performs the corresponding action, such as canceling the order, confirming receipt, requesting a refund, or leaving a review.
